

## Organization

### **Cheyenne Mural Project**

**The call for artist is out. Deadline is Feb 29.**

### **ReRide**

**The Shared Bike Pilot Program for this summer will begin April 1. We have about 50 bikes and lots of parts for the program. We are still seeking donations for more usable bikes.**

### **New Board Members**

**New Board Members will be announced at the Board meeting.**

### **New Website**

**The website is up and going. Dave T., Mark, and Buck all owe us a short bio! Along those lines, we have all transitioned over to gmail in the office, which will be great for staff communication and remote email.**

## Design

### **Budget**

**We are working on a consolidated budget for clarity for this committee, which will show carry over, pending grants, and available funds.**

### **Water Feature**

**The Design Committee has expressed interest in the planning efforts for the water feature. I was able to meet with Rick Perish and discuss what to do and what no to do and start to gather names of fountain experts.**

### **Lincolnway Placemaking Plan**

**The Lincolnway Placemaking Plan has been adopted by the Planning Commission and the City Council. 3 vs 5 lane TBD.**

## Economic Restructuring

### **Shared Artist Work Space**

**I have submitted a grant for the Shared Artist Work Space (SAW) with the Wyoming Arts Council and the Wyoming Business Council. Per Art Space the next phase is a feasibility study for around 40k but that is after we select the site. A SAW will be a nice interim step to allow us to assess demand while providing this culture for artists. Once we know if the grants are awarded, then I will come back for approval of possible location and program.**

**Property Owners**

**Regarding the Carey Bldg: Per the Building Director, unless he has a report that indicated there is structural, fire, or health hazards, he is unable to proceed with the process of imminent domain.**

**The Plains is under new ownership!**

**I have been working with Sam G on his space and new liquor license.**

**Business Recruitment and Retention**

**No new businesses this month.**

**Promotion**

**Work Plan**

**Charlotte has done a great job outlining a year long plan. Kudos to her!**

**Rock the Block**

**Efforts will start to focus on Rock the Block to coincide with Comic Con.**
